Background

After we believe in Jesus, we begin a lifelong journey of becoming more like Him. We can be tempted to stray off His path, however, if we are not careful. God has given us strength to follow Christ through some basic practices, also known as spiritual disciplines. These practices help us to walk in a manner worthy of the gospel. While we receive immense blessings being part of God's family, the church is not meant to be a holy huddle, hoarding its spiritual blessings. Instead, we are called to be ambassadors for Christ, who share his love with others.
